19 MAY 2026

**Conference Center Młyńska
12, Poznań**

Speed Business Meeting is a unique format where companies can present their offer to a wide business audience thanks to cooperation between several international bilateral chambers.

EVENT AGENDA:

18.00-18.30 – Welcome & Short Sponsor Presentations

An opportunity to reach a selected audience of business professionals and decision-makers.

18.30-19.30 – Speed Business Networking

A series of direct meetings where participants can briefly present their company, talk about offered and sought services, exchange business cards, establish new contacts, and gain new clients, suppliers, or investors. Each participant is assigned to several groups of 9 people. Each session lasts approximately 20 minutes. After each round, participants move to the next assigned group. This unique format allows for building numerous business connections in a short time.

19.30-21.00 – Business Mixer

Business Mixers are very popular among members of all chambers. Their goal is to create opportunities for companies to build new business relationships and strengthen existing ones in a less formal atmosphere – with a buffet, desserts, and drinks. It is also a great opportunity to continue conversations started during the Speed Business Networking..
