

Dear Sir or Madam,

On April 4, at 6pm, the YAK Living Space Experience showroom will host the „Art. of Interiors” event. YAK's showroom is dedicated to the latest technologies in smart home and smart building and allows you to experience solutions offered by the industry. It is located in the unique premise of the Defabryka building at Duchnicka Street 3 in Warsaw's Żoliborz district. At the same time, the YAK Showroom will host the vernissage of a collection of paintings by interior designer Kamila Sitak.

Kamila Sitak, the initiator of the event and Belgian Business Chamber (BBC) member, is the founder of the company Artkam and a multi-talented artist who participated in a number of projects together with Belgian Real Estate investors and BBC members.

During the evening, you will have the opportunity to witness the technological possibilities of integrated building installations based on various scenarios composed especially for the occasion. The event will be accompanied by a live mini-concert performed by multi-instrumentalist and jazz music composer, Grzech Piotrowski. In addition, guests will be served various wines from the Polish vineyard Si!Tak.

Together with the Belgian Business Chamber, we sincerely encourage you to consider co-organizing this event or to support it as an in-kind sponsor, believing that this will enable to better promote your company.

We look forward to hearing back from your team at Kamila Sitak (+48 507 058 899, kamilasitak@gmail.com) and discuss further cooperation.

YAK
Living Space Experience,
ul. Duchnicka 3,
Warszawa (Defabryka)
